A SMALL DOSE OF TOXICOLOGY: THE HEALTH EFFECTS OF COMMON CHEMICALS

Taylor Francis Ltd, United Kingdom, 2004. Paperback. Book Condition: New. 249 x 173 mm. Language: English . Brand New Book. Everyday, we come into contact with many relatively harmless substances that could, at certain concentrations, be toxic. This applies not only to obvious candidates such as asbestos, lead, and gasoline, but also to compounds such as caffeine and headache tablets. While the field of toxicology has numerous texts devoted to aspects of biology, chemistry, and mechanism of action, the need...

Reviews

This pdf is really gripping and interesting. We have go through and that i am confident that i will planning to read yet again once again later on. You wont feel monotony at at any time of your time (that's what catalogs are for relating to in the event you question me).

-- **Miss Madisyn Gulgowski**

An extremely great publication with perfect and lucid answers. It really is writter in straightforward phrases and never hard to understand. You can expect to like how the author write this publication.

-- **Michaela Cruickshank III**

Absolutely essential go through publication. I am quite late in start reading this one, but better then never. You will not feel monotony at at any time of the time (that's what catalogues are for regarding if you ask me).
