Pursuant to a congressional request, GAO analyzed the Veterans Administrations (VA) justification for each nursing home construction project included in its fiscal year (FY) 1984 budget request to determine whether it had fully considered local conditions and less costly alternatives. GAO stated that the processes VA used to plan, justify, and rank in priority order the seven nursing home projects proposed for FY 1984 funding were essentially the same as described in a previous GAO report. VA planned and justified the projects using national need projections without obtaining much input about local needs and resources or thoroughly considering potentially less costly alternatives. This item ships from La Vergne, TN. Paperback.
