AUTHORHOUSE, United States, 2015. Paperback. Book Condition: New. 203 x 127 mm. Language: English . Brand New Book ***** Print on Demand *****.Can a chimp-breeding farmer and a chimp with human intelligence take over the planet? Not a Planet of the Apes knockoff. Very realistic. First person, near future, heroic fantasy, light sci-fi, plenty of action. Unique. Very clean language. I will never waste your time with thinly disguised soft porn. Not politically incorrect. But some of it is well into the shades of grey. For that, parental discretion is advised. A few pages are must read for real space colonization info (I am a moon nationalist). A lot of ideas for deep thinking. Some weird humor. Neopup fiction at its finest! More novels to come as soon as sales pay for it. I wrote this novel for it to be the best fiction book I ever read (my opinion). Most successful authors would make a trilogy plus out of this story. I will never publish anything I do not think is, at least, half as good. I do not do bland; I do different. Expect it from me.
