Under the General Editorial Charge of George M. Gould, M. D. Illustrated. Philadelphia: W. B. Saunders, 925 Walnut St. 1898. The above book will be justly appreciated by the profession, although the space allowed for the consideration of the different branches of medical science is too limited for the successful accomplishment of the objects in view. The developments of the past year in medicine and surgery have been too extensive to be epitomized in a volume of a thousand pages. The contributors were handicapped for room and could not cover the field to be traversed, but they have fulfilled all reasonable expectations, and have furnished a book that will be read with interest by all into whose hands it falls. The contents are as follows: General Medicine; General Surgery; Obstetrics; Gynaecology; Pediatrics; Pathology; Nervous and Mental Diseases; Orthopedic Surgery;...
