Brand New Book ***** Print on Demand *****.The programd obsolescence, bulwark of globalization and one of the main foundations of the world Neo post-modern capitalist, brought to the planetary society problems that she didn t know and/or don t know. Issues related not only to human issues, social and economic, respective of the ethical content of an individualist capital, but, also, and, above all, environmental problems, the physical world, forward to the assessment of commercialization of all things, material and immaterial, search by unethical profit right at any price, these same companies. In this scenario of human disasters, social and environmental, appears and we have another disaster: the disaster of the school. In other words, in an era where reigns the ethics of individualism and meritocracy, as being, in fact, synonyms for the background of the exclusion, the school becomes ideological, in so far as it is specifically designed by capitalist state as the place where the precepts of humanization and intellectual emancipation are aborted, blown up, and, in another track, systematized the corollary capitalist as its ethical content teaching. The process of...
