*A really wonderful book with lucid and perfect reasons. This can be for all who statte there was not a worth reading through. You are going to like how the author write this book.*  
**(Dr. Grady Jacobi DDS)**

## TO ERR IS COMMON

Prison Publishing. Paperback. Book Condition: New. Paperback. 340 pages. Dimensions: 8.5in. x 5.5in. x 1.0in. Its 3AM. Do you know where your nurse is? It is a sad truth that each year around 200,000 people enter American hospitals for one reason and leave on a funeral-home gurney for a completely different reason. And while there have been many TV and movie portrayals of life in a hospital, much of what really happens remains a mystery. And a lot happens! Join Andrea Pastori, R.N., a bright, attractive and gifted young woman on her rounds both in and out of the hospital, as she attempts to deal with the often tragic consequences of medical errors on patients and on those who became nurses and medical professionals to heal others but instead have ended up doing the opposite. Through her eyes, you will take a long, hard but also entertaining and involving look at modern-day nursing. You will be impressed or confounded by the complicated and sometimes maddening procedures nurses must undertake to successfully do their jobs while keeping their personal lives intact. At the same time, you will have a new understanding of how and why things can occasionally go terribly wrong. You will also have a new respect for the challenges of this noble profession and those who work in it. **TO ERR IS COMMON** is a true-life fiction based on actual incidents that have taken place in hospitals all over the United States. The story is told through the life and times of Andrea, a profoundly concerned and dedicated young nurse who is looking for personal and professional fulfillment in a complex, stressful, sometimes depressing but often exhilarating environment. The names, of course, have been changed, but the truth has not. Andrea's character is fictional, but the incidents...
